

Application ID	Category	Criteria not fulfilled
56	Small scale project: Feasibility study category	Compliance with SME status
75	Small scale project: Feasibility study category	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
99	Small scale project: Feasibility study category	Application filled in English language
211	Small scale project: Feasibility study category	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
222	Small scale project: Feasibility study category	Application filled in English language
282	Small scale project: Feasibility study category	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
298	Small scale project: Feasibility study category	Completed a minimum of 50% of the Up2Circ Academy e-learning modules
307	Small scale project: Feasibility study category	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
322	Small scale project: Feasibility study category	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
355	Small scale project: Feasibility study category	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
14	Large scale project: Piloting and demonstration	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
401	Small scale project: Feasibility study category	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
405	Small scale project: Feasibility study category	Completed circularity assessment using the Up2Circ Circularity Assessment Tool

20	Large scale project: Piloting and demonstration	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
22	Large scale project: Piloting and demonstration	Completed a minimum of 50% of the Up2Circ Academy e-learning modules
27	Large scale project: Piloting and demonstration	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
40	Large scale project: Piloting and demonstration	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
44	Large scale project: Piloting and demonstration	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
69	Large scale project: Piloting and demonstration	Completed a minimum of 50% of the Up2Circ Academy e-learning modules
79	Large scale project: Piloting and demonstration	Completed a minimum of 50% of the Up2Circ Academy e-learning modules
417	Small scale project: Feasibility study category	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
85	Large scale project: Piloting and demonstration	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
110	Large scale project: Piloting and demonstration	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
114	Large scale project: Piloting and demonstration	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
160	Large scale project: Piloting and demonstration	Completed a minimum of 50% of the Up2Circ Academy e-learning modules

170	Large scale project: Piloting and demonstration	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
172	Large scale project: Piloting and demonstration	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
173	Large scale project: Piloting and demonstration	Completed a minimum of 50% of the Up2Circ Academy e-learning modules
184	Large scale project: Piloting and demonstration	Completed a minimum of 50% of the Up2Circ Academy e-learning modules
199	Large scale project: Piloting and demonstration	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
201	Large scale project: Piloting and demonstration	Completed a minimum of 50% of the Up2Circ Academy e-learning modules
229	Large scale project: Piloting and demonstration	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
234	Large scale project: Piloting and demonstration	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
235	Large scale project: Piloting and demonstration	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
265	Large scale project: Piloting and demonstration	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
280	Large scale project: Piloting and demonstration	Completed a minimum of 50% of the Up2Circ Academy e-learning modules
343	Large scale project: Piloting and demonstration	Completed circularity assessment using the Up2Circ Circularity Assessment Tool

380	Large scale project: Piloting and demonstration	Completed a minimum of 50% of the Up2Circ Academy e-learning modules
386	Large scale project: Piloting and demonstration	Completed a minimum of 50% of the Up2Circ Academy e-learning modules
388	Large scale project: Piloting and demonstration	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
390	Large scale project: Piloting and demonstration	Completed a minimum of 50% of the Up2Circ Academy e-learning modules
396	Large scale project: Piloting and demonstration	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
422	Large scale project: Piloting and demonstration	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
435	Large scale project: Piloting and demonstration	Completed circularity assessment using the Up2Circ Circularity Assessment Tool
440	Large scale project: Piloting and demonstration	Completed a minimum of 50% of the Up2Circ Academy e-learning modules
443	Large scale project: Piloting and demonstration	Completed a minimum of 50% of the Up2Circ Academy e-learning modules
448	Large scale project: Piloting and demonstration	Completed a minimum of 50% of the Up2Circ Academy e-learning modules
449	Large scale project: Piloting and demonstration	Completed a minimum of 50% of the Up2Circ Academy e-learning modules
456	Large scale project: Piloting and demonstration	Completed a minimum of 50% of the Up2Circ Academy e-learning modules
